EXPERIENCE

Java Developer
Xebia

May 2021 – Ongoing   Pune, India

- Working as a Java micro-services developer
- We are building an application from scratch for one of India's largest banks.

Full Stack Developer
Holidify

Oct 2019 – May 2021   Bangalore, India

- I was in the team that is responsible for developing Holidify.com and our internal tools like content management system, lead management system, etc
- I led the effort to build features that deal with integrating partner APIs and many more.
- Being a startup, we were continuously improving/developing features in a high pace weekly sprint tracking environment.

Analyst (A4)
Capgemini

June 2019 – Oct 2019   Bangalore, India

- Benched!
- Used to prepare for job exams and interviews during this time

Full Stack Internship
Capgemini

Jan 2019 – Apr 2019   Hyderabad, India

- It was a 4-month long full stack training program

PROJECTS

Mobile Banking Application (Xebia)

Holidify

- Worked on: Hotels, Hotel-collections, Transportation, Currency Converter, CMS, etc
- Integrated third-party APIs: Airbnb, Booking, Wego, Skyscanner, currency-exchange, etc
- **CMS:** Built multiple features on CMS as required.
- Automating tasks: Automating repetitive tasks with python scripts mostly

Personal

- 8 Puzzle   Sudoku   Color Picker   Tic Tac Toe

LIFE PHILOSOPHY

"Simplicity is the ultimate sophistication."

MOST PROUD OF

Courage I had
to leave MNC and join a startup to learn faster

Love to Share
whatever little I know through my youtube channel

Profession Aim
Seeking opportunities that will allow me to develop products and promote technologies that benefit people
